Ernest Bamberger Will Take General Management of Mines.

leave for the east, and probably, with go into detail at this time. Mrs. Rood, spend some little time away from Utah. In the meantime and until all the formalities of the transaction bave been rounded out, the offices of the companies will remain where they are and in charge of L. U. Colbath and W. L. Wightman, secretary of the Daly company.

The transfer of control of the mines

To the dean at this time.

A great deal of attention has been provided attention has been the past two months. The Gold Quartz has paid its way by shipping ore. But few mines have such a record.

John Brite, of Goldfield, has organized a company and taken over the Moose group at Tenabe and will immediately sink a 190-foot shaft. They now have shipping ore in sight. Joe Curry, of Edgemont, who is one of the presses it. We are informed that the

MOUNTAIN LAKE CO. BUYS ADDITIONAL GROUND

The Mountain Lake Consolidated company has just added about ten more claims to its property at the head of Big Cottonwood and Snake Creck canyons, through a deal closed on Monner. The ground adjoins the company's Steamboat group on the southwest, and adds a splendid acreage to the posses 000 sions of the Mountain Lake company. It is understood that the purchase was made on a cash basis, the money to close the bargain having been paid over by James H. Moyle, representing the purchasing company, as stated. The deal will be closed up as soon as it can be formally ratified by the directors of the Mountain Lake company.
